

RED JACKET

CYCLING TEAM

## Mission:

Contribute to the development and enjoyment of competitive mountain biking, road bicycling, and cyclocross in the Keweenaw with an emphasis on teamwork, sportsmanship, and active living.

## What we are:

A bike racing team that compliments the existing bike clubs in the Keweenaw. Teammates that will support each other in our riding goals, in training and on race day. A collection of people interested in training and racing. As a team, we're more than just a jersey: we're aiming to be a group dedicated to racing at the best of our abilities - at whatever speed that may be.

## Benefits of joining:

The camaraderie and support of racing and training as part of a cycling team.

The opportunity to work together to support other local organizations in promoting healthy, active living in the Keweenaw.

## Who should join:

Anyone of any speed and any age that is interested in training and racing their bike at the best of their ability and willing to help promote cycling and healthy, active living in the Keweenaw. You must be over 18 and a full- or part-time resident of Houghton or Keweenaw counties.

## Commitments:

All racers must agree to meet the commitments of the team for this to work.

Racers should agree to:

- Race at least eight bike races a year (not including cyclocross) – note that injured/sick racers can support the team at races
- Volunteer at least 20 hours per year with the team
- Purchase a team cycling kit (the minimum kit purchase is estimated at \$250 per racer and will include 2 shorts, 2 short sleeve jerseys, arm warmers, 3 pairs of socks & 1 t-shirt)
- Proudly represent our sponsors
- Ride, train, and volunteer in team “kits” whenever possible
- Pay the annual membership fee of \$50

## How to join:

If interested, sign up at the meeting or contact Chris Schmidt at [cts@redjacketcycling.com](mailto:cts@redjacketcycling.com). If ready to commit, return a membership form with membership fee and kit cost by March 19. You may sign up at a later time, but we cannot guarantee that your kit will be part of the initial order.

**PROMOTING A HEALTHY, ACTIVE  
LIFESTYLE IN THE KEWEENAW...  
... AND RIDING REALLY FAST.**
